I 5/65 Mrs Jarrel rang about 9 p.m. to
say if I was getting Ingrid he was
not with her / yet he knew both my best
wishes, which from me was not [illegible]
he asked if two weeks delay would
it. I said no where we were looking forward
to Thursday, & would of put back Ben. D's
Xmas / which I would of rearranged but
had to get home to see my dentist & Dad
urgent things to do here, & when I'm in
bed home in Pgm have visitors.
I also told him of the projected trip with Ben
for 12/1 / from which time I'd do
as he will do what he can & then he
can tell me & maybe Ben & I
get to me to take to Paris & Nice.
